The character of youth is wrought
 In oh so many ways,
 That if we tried to list them all
 We'd write for days and days.
 Our schooling plays a major part
 To make us what we are.
 We learn to know a right from wrong
 And not to say "them thar."
 But more than just the written rules
 We gain a fellowship
 Which, as we travel the road of life,
 Will give a firmer grip.

—Dave

*Dear Sis,
 We've had

In Summer

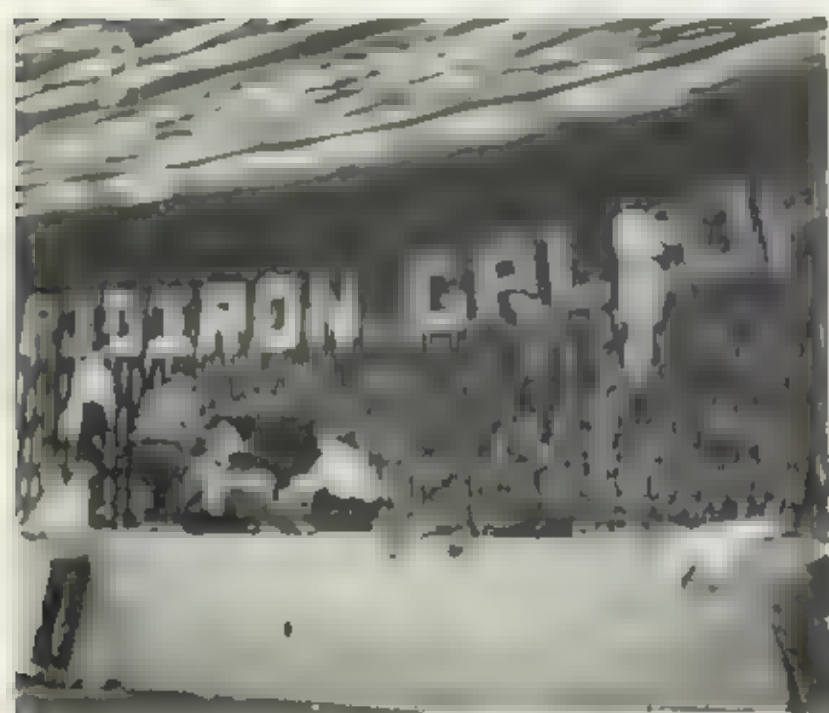

Swimming, boating, and loafing were fun,
But not mowing grass in the hot summer sun,
The drive-in movie was a typical date,
And the thought of school was a horrible fate.
—Carlson

In Fall

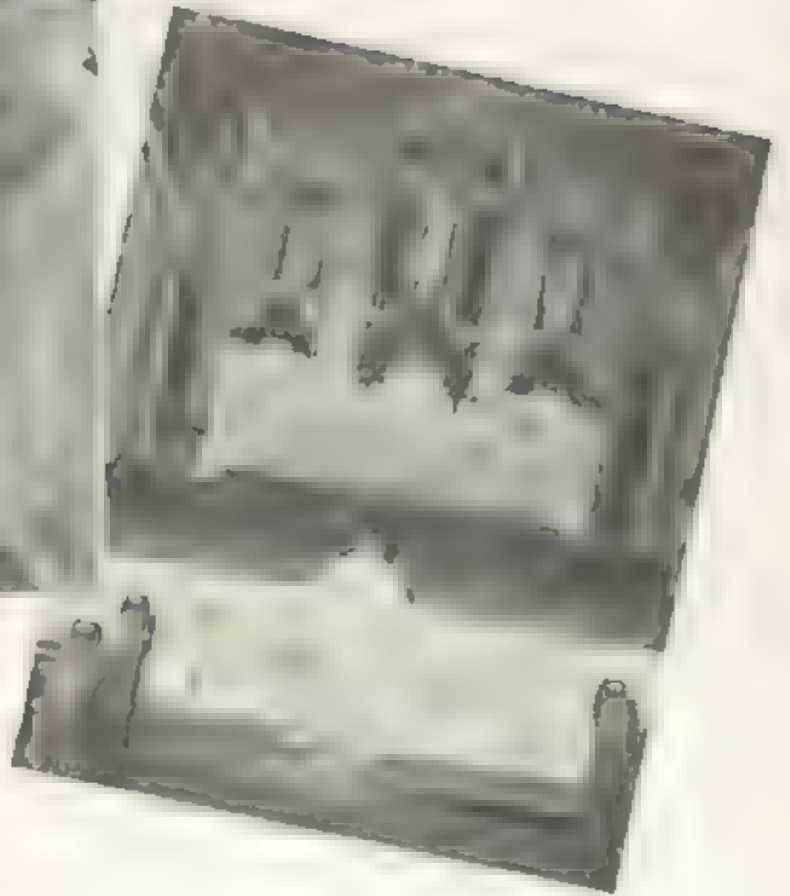

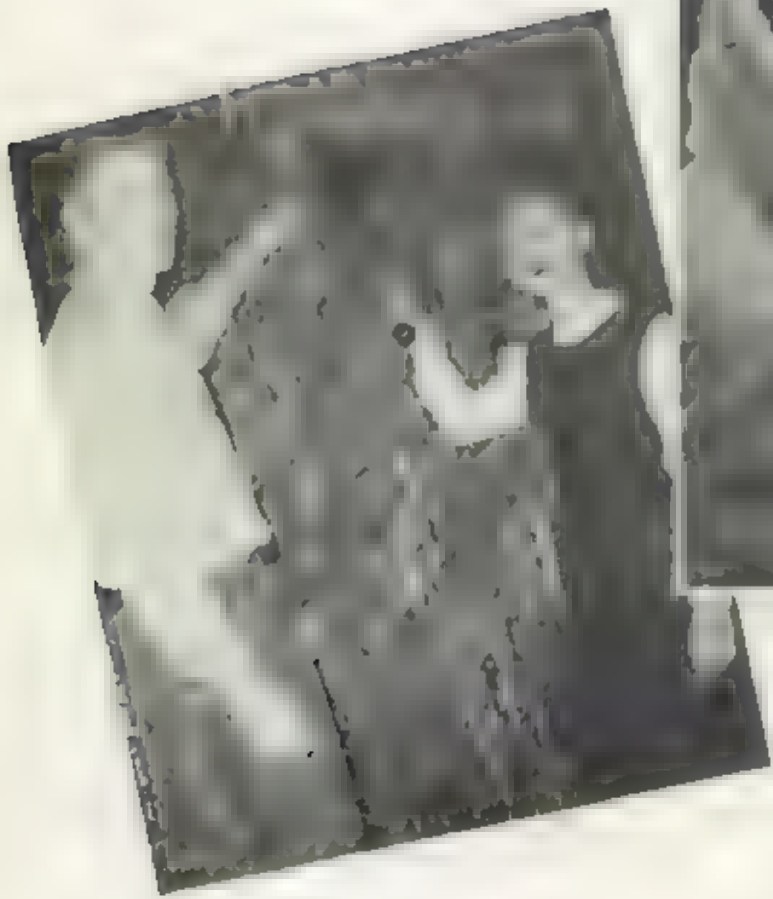

Fall found us as busy as little bees,
But we still had to rake those crazy leaves.
We also crowned us a homecoming queen,
And those football games were the best we'd seen.
—Carlson

In Winter

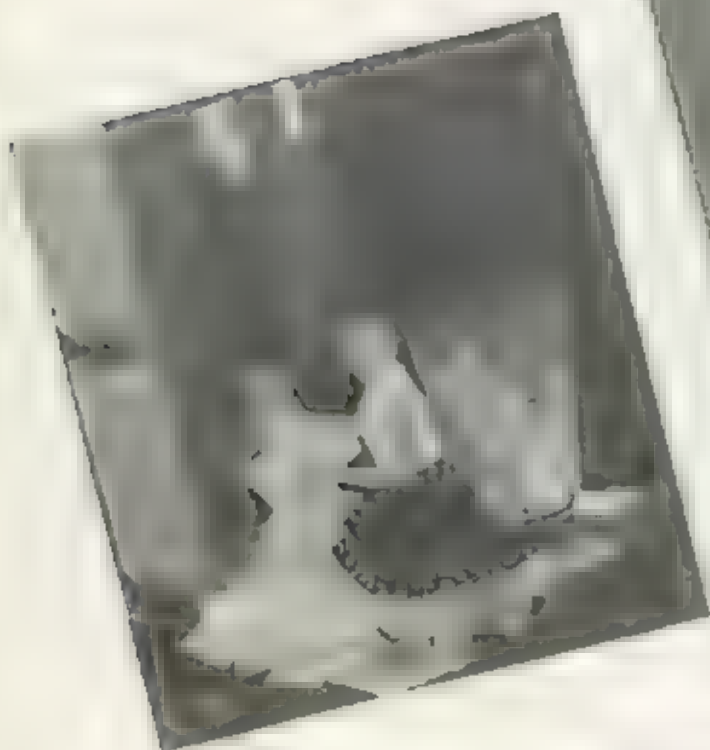

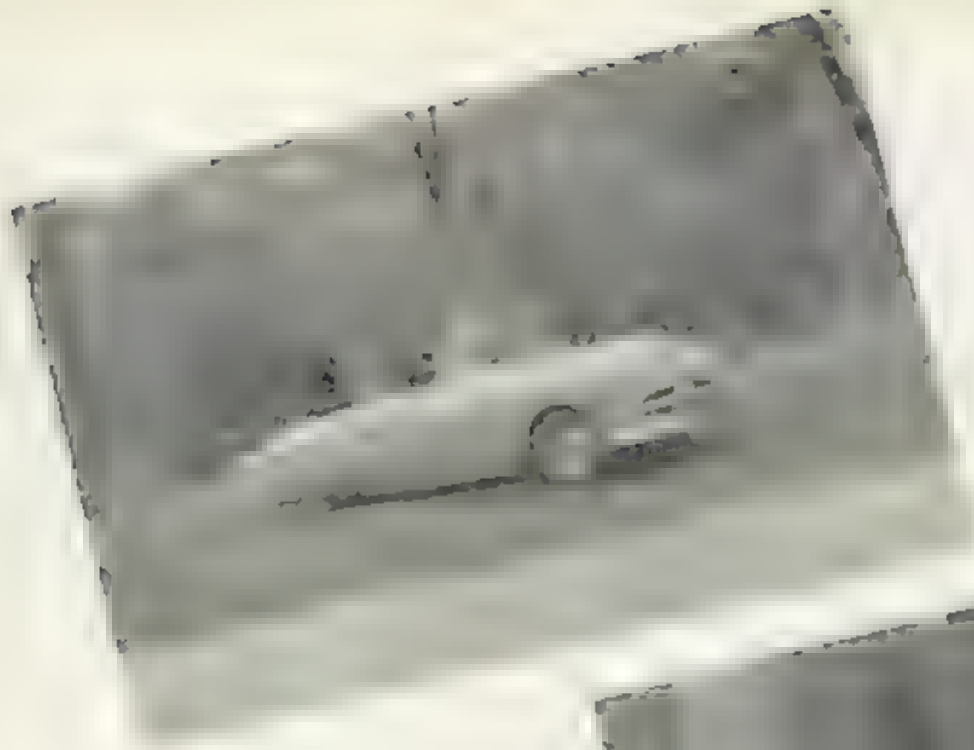

*Book worms, clock watchers, and the educated few,
Eagerly looked forward to something new
The game with St. Teresa, always a high light,
And the sledding and skating on a cold winter night
—Carlson*

In Spring

Spring was here it came so soon
And we all got lazy just around noon
The prom and carnival were drawing near,
And graduation would soon be here
—Carlson

COUNSELORS

Seated: Miss Margaret Freiley, Miss Elizabeth Connard, Mrs. Ruth Piott

Standing: Miss Mary Carroll, Mr. George Bennett, Miss Marie Weber, Mr. W. K. Day

Absent: Miss Mabel [unclear]

Eight faculty members have been given released time to counsel students and comprise the guidance department. The Counselors are Mr. W. K. Day, Miss Marie Weber, and Miss Freiley. Student Labor Counselor is Miss Mabel [unclear], Mr. Ruth Piott, and Mr. George Bennett. Upon entering high school, students are placed in a counselor who follows the student through his sophomore and junior years.

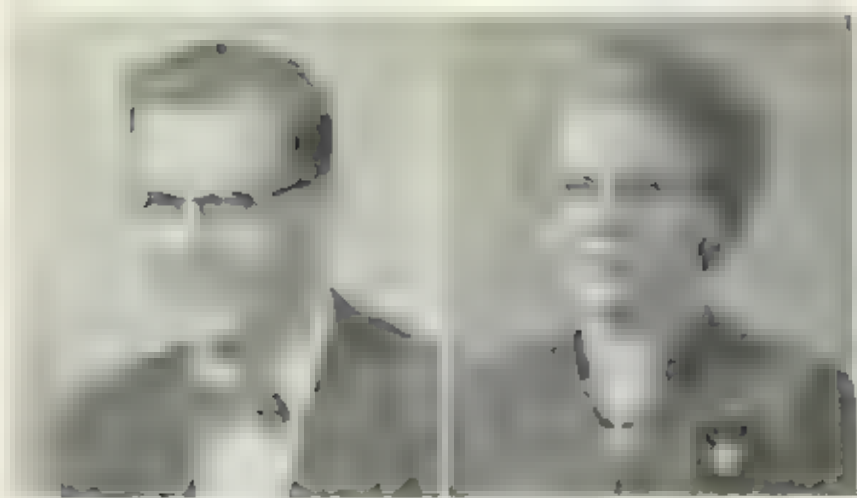

Through individual conferences, the counselor plans the student's course of study, changes when necessary, and collaborates with a program that consists of the whole educational program. The counselor's job is to help students with their home problems, social problems, and problems of any nature.

In group work, the guidance department plans orientation programs for incoming students.

The department also plans and carries out with the students and organizations activities such as the annual College Day and Vocational Week, and other functions of the department each year.

Some of the duties of Miss Mary Carroll and Miss Margaret Freiley involve the preparation of the student's record. They maintain the student's record, which includes the student's grades and credits, and will advise the student of the results.

Miss Carroll and Miss Freiley also average grades for the National Honor Society, Valedictorian, Salutatorian, and Class Officers. They are prepared and checked, and the necessary records and forms ordered. They also are responsible for the distribution of the news and correspondence, and make recommendations for the use and work of the students.

FACULTY

*Our faculty we now present. We hope you will approve,
Their guiding and their knowing hand helps keep us in the groove
They help us with our classroom work and make the homework rough,
It seems you work from dawn to dusk to get the weighty stuff
We think of all the many things, their tests—our hair was curled
But we'll agree these pictured here are the finest in the world.*

*We are the seniors about to leave,
Some are happy, some will grieve.
Some will smile and say good bye,
Others will wither and heave a sigh.
Many a thing has happened to us,
Since we entered here for this final fuss.
We've won many honors and had lots of fun,
But we're sure we'll remember especially one.
We walk 'cross the stage to the slow playing band,
And return to our seats, our diplomas in hand.
It's great to be seniors we all will agree,
And we're pretty darn proud—the seniors—we!*

*We are the juniors and next to the top,
And we'll get there some day if time doesn't stop.
It's been said of our group so unique and so rare.
There's talent and brains in them students there.
We're right in the middle and solidly so.
We put on the prom and fork up the dough.
But wait 'till next year, we'll be big wheels then,
And such a great class there never has been.
We'll wait and we'll ponder and see this one through,
Just watch us next year, we'll prove it to you!*

We are the sophomores, the youngest in school,
This may be true but you'll find as a rule
That we've learned what to do in the class room and later,
And even bought tickets for the new elevator.
The class rooms seemed funny and the subjects a riot.
When grade cards came out the halls were all quiet.
We've learned the ropes, the red tape, and such,
We're now going places so do keep in touch!

A black and white photograph of a large group of young women, likely a choir or glee club, posing in front of a building. They are arranged in several rows, with some standing and some sitting on a bench in the front. They are wearing light-colored, possibly white, outfits. The image is somewhat faded and has a vintage feel.

1. *Chlorophyll a* and *Chlorophyll b* contents were determined by the method of Arar and Collins (1971). The optical density of the chlorophyll extract was measured at 663 nm and 646 nm using a Shimadzu UV-160U spectrophotometer. The concentrations of chlorophyll *a* and chlorophyll *b* were calculated using the following equations:

Activities, clubs, groups, and such,
We got 'em all from soup to nuts
French and Spanish and German, too,
Checkers and rifle, there's one for you
Singing, we got it in choirs galore
The councils who lead us and tell us the score
The bands, the orchestra, and Dolphins who swim,
The gals who play "B" ball down in the gym,
The artists, the workers, and the A. V. A.,
And those who are looking to some future day,
Thalia and Latin and Ushers and Speech,
Paint and Powder and "Y" groups, we're proud of each

MR. VAN HOWE
Football Coach

Mr. Howe our football coach, has completed another successful year in leading the football team. This year under his leadership the team went undefeated in the Tri-Township, securing for the first time a championship title.

Most of the credit for the success of the team is due to the coaching of Mr. Howe. He has a great deal of experience in coaching football, and has been successful in many other sports. He is a very strict disciplinarian, and his players are very well trained. He has a great deal of faith in his players, and he has been able to develop them into a very strong team. GAY KINTNER
Director of Athletics
Basketball Coach

GALEN KINTNER
Assistant Basketball Coach

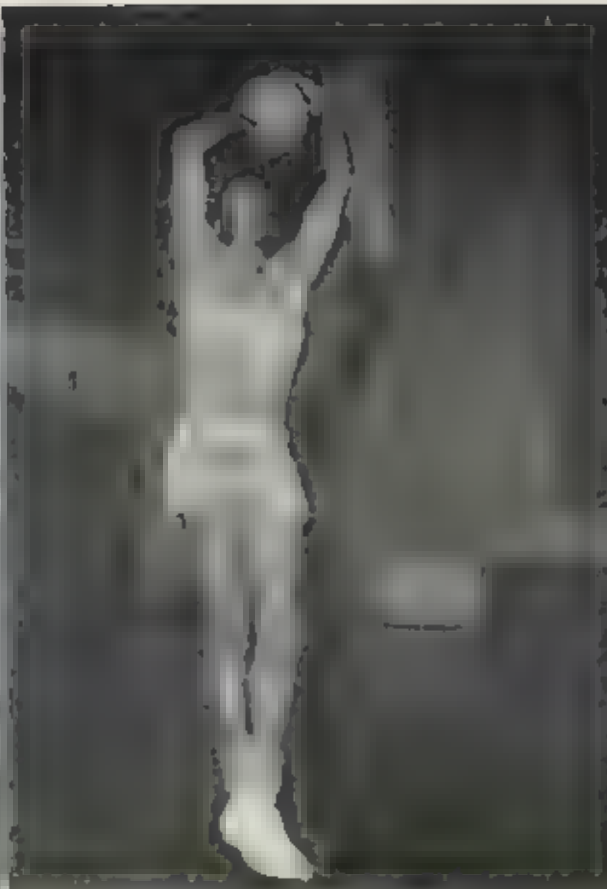

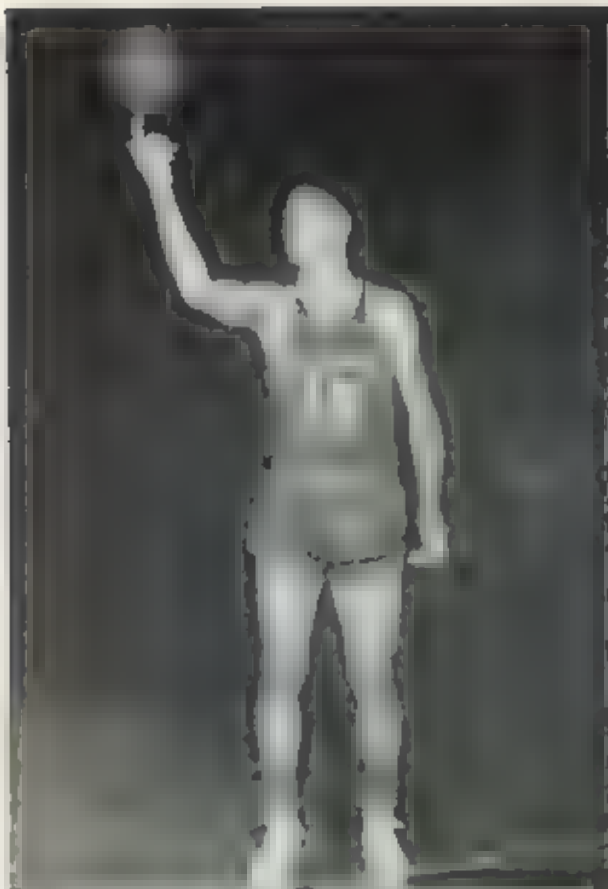

For the last twenty-eight years the name of Kintner has been associated with Decatur basketball and sports in general. During those twenty-eight years, the Reds have won many laurels for the school.

Mr. Kintner not only shoulders the basketball responsibility, but he is also Director of Athletics. Under his guidance, the athletic department has grown and is now ranked with the best in the state. The athletic department and the basketball players of which we are proud are a product of the Kintner determination.

Mr. Kintner has inherited some of his father's skill and determination. This year the sophomore team went undefeated. Under his guidance, the varsity came within two points of the undefeated team in the state.

Some of us are big and strong
And use a ball that's round and long
People see us on the floor
As we make baskets by the score
Others use a club and ball
And seek a score that's very small
Round and round the track they run
To these brave guys it's really fun
Tennis strikes some people's fancy
The game is fast and a little fancy
Some enjoy the nation's sport
And around the diamond they cavort

NOW **it's my turn...**

Now, it's my turn to earn my place in our community . . . in our country. Someone before me had his turn . . . someone built the schools I attended . . . someone subscribed to the hospital building fund . . . someone worked on the fund drives for church and charity . . . on Scout committees . . . on the thousand and one civic affairs that weave strength and character into this country of ours.

Someone . . . in fact, many . . . were good citizens before me.

Now, it's my turn to take up the responsibilities of citizenship. I know I will be a good citizen only if I make up my mind to be . . . that I will reap the rewards of good citizenship only if I invest in them . . . that I and millions like me will determine the kind of community and country we will live in. Strong communities mean a strong Nation.

AN ENVIABLE RECORD
Since 1906 OF PRODUCING
BLUE RIBBON
ANNUALS

"Blue Ribbon" is not merely a trade name or slogan, adopted for advertising purposes. We didn't just pull it out of a hat. We earned the right to use it!

In competition with annuals submitted in State, Sectional, even National contests, since 1906, Huston-Patterson yearbooks have been rated tops — year, after year, after year.

And so, we're proud and determined . . . proud of our past record — determined to make future accomplishments even better.

Finale

Shipper,
We've gone to

school at Danno, Shal.

. Best

Now the year is over, and our talents we must try.
We move to see a brand new world and meet a brand new sky:
But, as we leave these hallowed halls and o'er the world we go,
We'll ne'er forget the lessons taught and friends like Jane and Joe—
The lessons taught in class rooms strict or at a social ball,
The time we were the Conference Champs or corralled in the hall.

Lucia Backus

Recall the cramming that we did to pass those final tests,
The gals in white who led the yells with D's upon their chests,
The books we bought, the marks they caught, the grades we sought in vain,
The parties gay with laughs and jokes, and picnics in the rain,
The time has come for us to leave: so we bid a grand adieu,
We're out upon the world, you see, and we leave our school to you.

—Dave Barnes

Here there we are - seniors &
here to go again writing in

You are starting - plus a

Always remember our
